

WHAT IS A Plumbing Engineer?

PLUMBING ENGINEERS are a vital part of design/build construction teams for residential, commercial, and industrial facilities. They interact with other construction trades to provide building owners with efficient, functional, and sustainable plumbing systems that protect the health, welfare, and safety of the public and prevent environmental contamination.

WHAT DO PLUMBING ENGINEERS DO?

PLUMBING ENGINEERS use the principles of fluid flow along with engineering calculations to design plumbing systems that transport fluids and gases throughout buildings. Those systems include:

$$S = \frac{rpm\sqrt{Q}}{NPSH^{0.75}}$$

$$\times 2.31 - h_f L_H + \frac{(P_B - V_P)}{\text{Specific gravity}}$$

Domestic water systems

Wastewater

Fuel gas

Medical gas & vacuum

Compressed air

High-purity water

Fire suppression

Chemical waste

Rain & stormwater systems

Venting

Site & building drainage

Water efficiency

WHAT DOES THE PROFESSION ENTAIL?

PLUMBING ENGINEERS are highly skilled individuals involved in many different aspects of the design/build process, including:

"The old adage that 'anyone can do plumbing' does not hold water anymore. A diversified and accomplished plumbing engineer is a valuable commodity in the design/build market."

PLUMBING SYSTEM DESIGN	COMMISSIONING
PROJECT MANAGEMENT	CODE & STANDARD EXPERTISE
CONSTRUCTION ADMINISTRATION	FORENSIC & SUBSURFACE SYSTEM EVALUATION
BUILDING INFORMATION MODELING (REVIT)	COST ESTIMATION
PRODUCT & SYSTEM SPECIFICATION	PROBLEM SOLVING

PROTECTING PEOPLE & THE ENVIRONMENT

PLUMBING ENGINEERS help eliminate many of the threats that sicken people and harm the environment on a global scale by:

Delivering safe drinking water & sanitation systems

Combating groundwater contamination & depletion

Preventing waterborne diseases

"Through their designs, plumbing engineers affect every life."

THEY DO THIS USING THEIR KNOWLEDGE OF:

HOW TO LEARN MORE

The American Society of Plumbing Engineers (ASPE) is the only association dedicated to promoting the plumbing engineering profession and helping plumbing engineers advance in their careers. Our members have a wealth of knowledge and experience and are ready to help others learn more about the industry.

To discover ASPE and find local contacts, visit:
