

Application Package for Candidates to the ASPESociety Board of Directors

Dear ASPE Member,

This Candidates Application Package should be completed in its entirety by any member who has decided to run for a position on the ASPE Society Board of Directors. This package must be submitted to the ASPE office no later than the deadline noted below to be considered as a Candidate in accordance with the Bylaws.

In addition to this Application Package, every Candidate must confirm they are currently employed in the Plumbing industry and submit a letter or provide another form of correspondence indicating approval of both family and their employer to undertake the requirements of serving as a member to the Society Board of Directors. Every Candidate must also include a current photograph in accordance with Chapter 10.16 Nominating of the P&O Manual.

The description, composition, and responsibilities of the Nominating Committee is listed in Chapter 8 of the P&O Manual. A few key points from that Chapter are as noted below:

- The list of Candidates for the Board of Directors shall include the name of any member submitting their application for consideration who meets the requirements of the Society's Bylaws.
- The Committee shall interview all Candidates to determine if they are qualified to hold the Board position they are seeking. If the Committee does not feel the Candidate is qualified to hold the position they are interested in, the Committee may recommend that the Candidate consider running for a different position.
- Based on the information gathered during the interview process of each Candidate, the Committee
 shall prepare a slate that lists one recommended individual for each position, and this list shall be
 referred to as the "Recommended Slate of Officers". The Recommended Slate of Officers shall be the
 top-rated Candidate for each Board position as ranked by the Nominating Committee.

The next election of Board members will take place during the ASPE Biennial Business Meeting. The information provided by the Candidates in this Application Package, the letter or correspondence indicating family approval and if possible, similar correspondence relative to employer approval, and the Slate of Officers from the Nominating Committee, will help the members and Delegates make an informed decision when casting their vote during the election of the Society Board of Directors.

Thank you for your interest as a Candidate to the ASPE Board of Directors.

Sincerely

Mitchell J. Clemente, CPD, FASPE

Nominating Committee Chair

Package must be submitted by May 8, 2020

NOTE: This Application Package will be presented to the members and Delegates exactly as submitted by the Candidate regardless of the accuracy, or legibility of the information provided. No changes or modifications of any kind will be permitted by anyone including the Candidate, Society office or the Nominating Committee once this Application Package has been submitted. It is recommended that all of the information submitted be hand written or printed legibly or typed to avoid any confusion or misunderstandings.

May 1, 2020

Mitchell J. Clemente, CPD, FASPE Nominating Committee Chair American Society of Plumbing Engineers 6400 Shafer Court, Suite 350 Rosemont, IL 60018

RE: Tom Sharp ASPE Board Candidacy

Dear Mr. Clemente,

I hereby attest that I fully understand the duties and responsibilities that Tom Sharp will be expected to undertake as a member of the ASPE Board of Directors. Charlotte Pipe and Foundry Company is willing to provide him with the time necessary, as long as it is understood that such time is based on his additional volunteer time outside his duties and responsibilities to Charlotte Pipe.

Regards,

Greg Nahrgang

Director, Field Technical Services and Product Development

The responsibility for completing and submitting this statement of inclinations, interests and Affiliations rests solely with the individual completing this Application Package. Please reference the next page for guidelines and definitions, and submit only the information that is relevant and merits disclosure regarding:

1. All ASPE policies with respect to interest categories and as related to any bias and conflict of interest.

Instructions:

- A. Please make sure to include a cover letter of interest to the Nominating Committee addressed to the Nominating Committee Chair.
- B. Include a letter or other correspondence from both your employer and family stating their approval and support of you pursuing this position. This letter or correspondence is a vital piece to your application and will demonstrate that your family and employer are fully aware of the responsibilities that comes along with serving on the Society Board of Directors, and that serving on the board will require you to be away from family and your place of employment for certain periods of time.
- C. Contact the Nominating Committee Chair if you have any questions regarding the completion of this form.
- D. When this form has been completed, sign, date and return it as shown below. Attach additional pages if necessary and retain a copy for your records.
- E. A statement of inclinations, interests and affiliations does not prevent candidacy to the Board of Directors but is for the purpose of notifying the members and the delegates of any bias or potential bias.
- F. If there is no information to be reported, write the word "NONE" in the space provided.

If the Candidate is elected and during your period of service on the Board, any changes in information reported on this form, or any new information relevant to the question of potential bias or conflict of interest should be promptly reported to the ASPE Board of Directors and the ASPE Executive Director/CEO.

1. ORGANIZATIONAL AFFILIATIONS.

Report relevant present and past business relationships (as an employee, owner, officer, director, consultant, member, etc.) and relevant remunerated or volunteer non-business relationships (e.g., professional organizations, trade associations, code organizations, lobbying groups, public interest or civic groups, and trade magazines). Include specific activities and committee involvements.

2. PUBLIC STATEMENTS AND POSITIONS.

List relevant articles, testimony, speeches, etc. by date, title and publication (if any) in which they appeared. Provide a brief description of relevant positions of any organizations or groups with which you are or have been closely identified or associated.

GUIDELINES AND DEFINITIONS

Bias

The question of potential sources of bias ordinarily relates to views stated or positions taken that are largely intellectually motivated or that arise from the close identification or association of an individual with a particular point of view or the positions or perspectives of a particular group. Such potential sources of bias are not disqualifying for purposes of the Society Board of Directors. It is necessary, however, in order to ensure that the members and the Delegates are aware of potentially biasing backgrounds or professional or organizational perspectives.

Conflict of Interest

It is essential that the work of the ASPE Society Board of Directors not be compromised by any significant conflict of interest, or in some circumstances the significant appearance of conflict of interest, on the part of any member of the Board or anyone associated with the Board (e.g., consultants and staff). For this purpose, the term "conflict of interests" means any financial or other interest that conflicts with the service of an individual because it (1) could impair the individual's objectivity or (2) could create an unfair competitive advantage for any person or organization. The existence of a significant conflict of interest is important information to the membership and the delegates.

How conflicts of interest arise

- 1. The Society Board of Directors includes individuals with strong personal, financial, or professional interests in seeing that the Society recommend or produce a particular outcome.
- 2. An agency, a sponsor, or a private organization or company attempts either to influence the Society Board members or to skew the body of information reviewed by the Board of Directors.
- 3. The conflicts of interest or bias can arise concerning individual points of view especially on contentious issues. For the Board of Directors, nearly all of the people of relevant competence have backgrounds of connections and experience that constitute, or can be construed by others as constituting, potential sources of bias in one direction or another. It may, therefore, be difficult to find individuals with the pertinent knowledge who have not been involved previously with an issue that will come before the Board. Such situations are resolved by the membership and the delegates by selecting a carefully balanced consensus-forming body so that all points of view can be represented.

To avoid conflicts of interest

Adhere to ASPE policies and procedures. These policies and procedures include specific questions and assessments prior to the election of officers to the ASPE Society Board of Directors to bring possible conflicts of interest to the attention of the membership and the delegates. Two essential parts of this process are, prior to the election of officers, completion of a short statement of inclinations, interests and affiliations that lists professional connections and indicates any positions taken in relevant public statements, and any other interaction between the Candidates and Delegates during the biennial Convention.

13.	Your answers to the following questions will help the members and delegates better understand each candidates position and goals as they make the best possible informed decision when electing officers to the Society Board of Directors. If you need additional space, use additional sheets of paper. Reminder, however, you fill in this form (e.g., hand written, printed, typed, etc.) is how it will be presented to the members and Delegates.		
	13A: Why are you running for this position on the Society Board of Directors, and what makes you stand out from all the other potential Candidates?		
Му	experience with Affiliate activities at the Chapter, Regional and National levels on a continuous basis from 2012 to the		
	present. I am running as an incumbent for VP Affiliate in order to further strengthen relationships with current Affiliates and effectively influence new participants to join ASPE Affiliate programs and initiatives.		
Wh	at does and has made me stand out is my willingness to help any Chapter, Regional or Society level interest in promoting		
the	benefits of both joining and supporting ASPE whether it be actively, voluntarily or financially.		
Thi	13B: What do you suggest we do immediately to better the Society, and what you would do personally to accomplish this goal? s is currently perhaps the most challenging period in ASPE's history. Affiliate support is continuing despite a very		
cha	llenging financial and staffing period for many. As a historically solid and continuous supporter of ASPE over many		
d	ears, it's important to send a confident message to all affiliate's reinforcing the value of ASPE support and involvement uring challenging times as much as ever. The Plumbing Industry is not only essential to the Nation but also very resilient		
	d able to adapt and thrive in the face of challenging times. I will continue to serve by example to continue supporting		
	ciety at the Chapter, Region and National levels. Affiliate engagement with ASPE within the past 2 years has never en greater thanks in no small part to Board approved initiatives such as ASPE Connect and the exponential growth of		
	U provider program. I will take it upon myself to ensure that these messages are delivered to both current and		
	spective ASPE Affiliates over the next 2 years in order to further solidify ASPE's strength position.

13C: Every position on the Society Board of Directors has an effect on membership. Regardless of which position you are running for; how do you plan on retaining and growing our membership base?

Affiliate membership numbers are at an all time high and continue to be a vital segment of membership within Society.	
With that said, there is so much more the Affiliates can influence, especially with their personal access to prospective	
growth areas such as AYP, WOA and student members whom all are the basis for continual growth.	
Further engagement needs to be achieved to continue to get these groups of members interested and involved in ASPE	:.
Affiliates are equipped to impact these segments and steps will be taken to ensure retaining and growing the rolls of the	se
members.

13G: Membership has increased over the past few years. With the introduction of the Women of ASPE (WOA) and ASPE Young Professionals (AYP), the Society is beginning to obtain a younger member base. What are your thoughts and ideas to increase membership to new record numbers? What are your ideas for recruiting and retaining both younger and previous members? What are your ideas for addressing the large age gap between younger and older members?

I'm aware of the decrease in average member age and this is a trend that should be continually focused upon and supported at all levels. ASPE's forward thinking changes involving AYP BOD involvement in recent years has been a successful undertaking. The established momentum needs to continue however and continue to evolve as well with new

sucessful undertaking. The established momentum needs to continue however and continue to evolve as well with ne
potential member groups tapped for their involvement. Areas within trade schools and Colleges/Universities in both d
and practical installation of plumbing systems need more exposure. Continuing to broaden and increase the outreach
these segments should eventually help to further shrink the age gap.
13H. ASPE has continuously relied on the affiliate member organizations to support the Society. What are your ideas to change this and how can we get our members to help support the Society other than with dues.
Affiliates will and should always be a fairly large supporter of an Industry organization such as ASPE because of the
mutual benefit that is achieved by both Plumbing Design professionals and Industry manufacturers, standards organiz
all working together every day. Capitalizing on its expanding Global footprint, innovative and engaging processes (Co
and Chapters trending towards proposing more value to supporters with their fund raising events will help change the
current level of affiliate dependence.
The strength of ASPE will continue to start and end with it's strength at the Chapter level.

13I. What should ASPE be doing for the membership that they are not currently doing?

As Society has become stronger financially in recent years it's important to effectively reinvest in new Chapter initiatives.
Establishing incentive support levels for starting and maintaining a newly defined chapter (less than 5 years old) could be
considered moving forward. This would give a newly established satellite and/or chapter a financial support base to aid in
both establishing it in a locale and give it a better chance to succeed after the 5 year (break-in) period.
There continues to be several areas that are considerable to establish new chapters while not taking away from a current
established chapters member rolls.

SUPPLEMENT TO THE SOCIETY BOARD OF DIRECTOR CANDIDATE INTEREST FORM

PETITION TO INSURE PLACEMENT ON BALLOT

(Complete this section only if you are nominating a candidate from the floor, or if you have missed the deadline to submit the application package and are petitioning the committee for inclusion as a candidate.)

In accordance with the ASPE Bylaws:

The Nominating Committee shall be responsible for developing a recommended slate of officers for presentation to the membership and for election as officers by the delegates.

The Nominating Committee shall review the material for each Candidate, shall attest to the accuracy of the information provided, and shall prepare a summary biography for distribution to the membership and thedelegates not later than sixty (60) days prior to the date of the election.

In accordance with the bylaws, the Nominating Committee has some latitude as to the slate of officers it may present to the delegates at the biennial ASPE Business Meeting. Based on the information in this Application and the interview process of each Candidate, the Committee shall prepare a slate that lists one recommended individual for each position, and this list will be referred to as the "Recommended Slate of Officers". The Recommended Slate of Officers shall be the top-rated Candidate for each Board position as ranked by the Nominating Committee.

As there is no continuity provision in the ASPE Bylaws, all ASPE board members must run for re-election every two years (with the President limited to two two-year terms) if another term is desired.

The nomination bylaw also states:

Nothing in this bylaw shall exclude additional candidates being nominated from the floor during the biennial Business Meeting or petitioning the committee for inclusion as a candidate. All nominations from the floor shall require a second and a positive vote to include the candidate of at least 25 delegates; written petitions for inclusion on the official candidate ballot shall require a minimum of fifty (50) full or associate member signatures.

In order to ensure that a candidate who submits their Board of Director Candidate Interest Form is added to the ballot that the Nominating Committee submits to the delegates, this Special Petition to Insure Placement on the Ballot should be filled in and submitted along with the candidates Statement of inclinations, Interests and Affiliations Form.

THIS PETITION REQUIRES THE PRINTED NAME AND SIGNATURE OF 50 FULL OR ASSOCIATE ASPE MEMBERS IN GOOD STANDING.
