

Uponor

Multifamily Solutions
Reliability, longevity,
and performance

Understanding What's Important to your Business

- Quality, reliability, and on-time completions
- Safe and healthy living environments
- Partnership and support

HYDRONIC PIPING

Features PEX-a and PP-RCT to deliver a durable, reliable, corrosion-resistant solution that provides efficient flow to a building's heating and cooling units

DOMESTIC WATER IN-UNIT PIPING

Reduces waste, decreases hot-water delivery times, and minimizes liability potential with Uponor Logic, providing the ultimate in efficiencies and performance

UPONOR KITTING SERVICES

Customized, coordinated packaging with ProPEX® fittings and components in individual kits labeled by room. Kits include a materials list, plan view, and 3D isometric drawing for a clear installation plan.

DOMESTIC WATER RISER AND MAIN PIPING

Delivers reliable, hygienic water throughout the building while resisting pitting, scaling, and corrosion

RADIANT HEATING AND COOLING

Maximizes energy efficiencies and system performance while offering supreme occupant comfort and sustainable building design

SNOW AND ICE MELT

Meets ADA compliance for safe and easy access and protects residents and visitors from injury while also reducing maintenance and labor costs

BUILD
confidence into
every home

VERSATILE
Piping solutions that optimize both new construction and retrofit buildings

RELIABLE
Strong connections and durable systems backed by a solid warranty

SUSTAINABLE
Product and designs that maximize system efficiencies and longevity

LONG LASTING
Proven with decades of service in structures around the globe

The Complete Multifamily Solution

Whether your project is a new-construction building or the renovation of a century-old structure, Uponor plumbing, mechanical piping, and radiant heating and cooling systems are your complete polymer solution for low-rise, mid-rise, and high-rise properties that provide greater safety, efficiencies, and performance for decades of reliable service.

Designed to enrich people's way of life, Uponor multifamily solutions conserve water and energy while providing safer, healthier, more comfortable living environments.

Maximize Budgets, Schedules, and Profitability Potential with Uponor Solutions and Services

Durable, reliable Uponor PEX in sizes up to 3" and PP-RCT in sizes up to 12" combined with Uponor Construction Services and Kitting Services provides maximum results to meet your projects' budgets, schedules, and profitability potential.

PEX and PP-RCT Piping Systems

Uponor Construction Services

Uponor Kitting Services

Uponor Delivers Quality You Can Trust

➤ Corrosion-resistant, freeze-resilient pipe and fittings for the greatest durability and long-term performance

➤ Smarter designs that optimize LEED® and green-building standards for energy and water efficiencies

➤ Confidently backed by a 25-year warranty on PEX and a 10-year warranty on PP-RCT for added peace of mind

uponor

Moving > Water

Avalon Bay Apartments

- ↑ reliability
- ↑ efficiencies
- ↑ performance

SPECIFICS

- 360-unit complex
- New construction

INSTALLER

Wolfe Plumbing

UPONOR SOLUTIONS

- Uponor AquaPEX® for domestic water risers, mains, and in-unit piping
- ProPEX® fittings
- Uponor Construction Services, field training, and job-site walks

CHALLENGE

Originally specified with CPVC, but installing contractor had too many negative experiences with the product.

SOLUTION

Switching to PEX offered greater installation efficiencies and better system performance.

The Homestead at Rochester

- ↑ cost savings
- ↑ faster installs
- ↑ durability

SPECIFICS

- 140,000 square feet
- Expansion on existing structure

INSTALLER

Superior Mechanical

UPONOR SOLUTIONS

- Uponor AquaPEX for domestic water
- Wirsbo hePEX™ for hydronic hot-water heating and chilled-water cooling

CHALLENGE

Provide expansion project with a durable solution for both domestic water and hydronic heating/cooling systems.

SOLUTION

Switching from steel and copper to PEX saved on install costs and increased job-site productivity.

Bricker Residence

- ↑ efficiencies
- ↓ energy costs
- ↑ performance

SPECIFICS

- Nine-story existing residence
- Retrofit electric to hydronic

INSTALLER

Modern Niagara

UPONOR SOLUTIONS

- Wirsbo hePEX for hydronic heating and cooling
- Uponor PEX-a pipe supports
- ProPEX brass transition fittings and flange kits

CHALLENGE

Retrofit electric heating systems to hydronic for greater efficiencies, lower energy costs, and better system performance.

SOLUTION

Flexible Wirsbo hePEX advantageous in tight areas, helping meet construction schedule.

Wormley Row

- ↑ energy efficiency
- ↑ comfort
- ↑ sustainability

SPECIFICS

- Century-old landmark building
- Renovated into condominiums

INSTALLER

Foley Mechanical

UPONOR SOLUTIONS

- Wirsbo hePEX for radiant floor heating and snow melt systems
- TruFLOW™ manifolds
- System controls

CHALLENGE

Add energy-efficient, luxurious comfort to a building on the National Register of Historic Places.

SOLUTION

Flexible Wirsbo hePEX maneuvered easily throughout the existing structure to provide a smart solution for residents.

Sampling of Uponor Projects

P = Plumbing | H = Mechanical/HVAC | R = Radiant | S = Snow melt
